

## TARİHÇE / HISTORY

Yapımı yaklaşık 130 yıl önce tamamlanan Barnathan Apartmanları, Galata Bölgesi’nde 19.yy sonları itibariyle inşa edilmiş apartman konutlarının ilk örneklerinden biridir.

Binanın bir girişinde 1892 diğerinde 1893 tarihleri ve hemen yanlarında Musevi takvimine tekabül eden 5652 ve 5654 tarihleri taş üzerine işlenmiştir.

İsmini mülk sahibi aileden alan Barnathan, 2011 yılında satın alınarak, uzun yıllar süren titiz bir çalışma sonucunda aslında uygun bir şekilde restore edilmiştir. Barnathan ailesine mensup kişiler ile temasa geçilerek İstanbul'da yeniden biraraya gelmeleri sağlanmıştır.

Barnathan İstanbul bugün, inşa edildiği dönemin mimari esintilerini taşıyan öğelerle tasarlanmış bir butik otel, dünya mutfağından örnekler sunan bir restoran & kafe, geçmişte binada yaşamış kişilerin fotoğraf ve belgelerinin yer aldığı bir anı köşesi ve binanın tarihinde iz bırakan isimlerin anıldığı toplantı salonları olarak hizmet vermektedir. Barnathan Ailesi'nin destekleri ile ulaşan ve binanın mimarı tarafından ipek üzerine çizilmiş orijinal planı bina girişinde sergilenmektedir.

Sizi İstanbul'un kalbinde, Barnathan İstanbul'da misafir etmekten mutluluk duyuyoruz.

---

Barnathan Apartments, which were completed approximately 130 years ago, are one of the first examples of apartment houses built in the late 19th century in the Galata region. From the two entrances of the building, 1892 was added on one side and 1893 on the other, and right next to them, the dates 5652 and 5654, corresponding to the Jewish calendar, were engraved on the stone.

Barnathan, named after the family who owned the property, was purchased in 2011 and restored to its original condition after many years of meticulous work. The Barnathan family members were contacted and reunited in Istanbul.

Barnathan Apartment, which has changed hands several times since its construction, was purchased in 2011, and after a long and difficult restoration process, it was renovated to its original state and opened to tourism.

Today, Barnathan Istanbul serves as a boutique hotel designed with items bearing the architectural inspiration of the period it was built, a restaurant & cafe serving examples of world cuisine, a memory corner containing photographs and documents of people who lived in the building in the past, and meeting rooms that commemorate the names that left their mark on the building's history.

We are delighted to welcome you to Barnathan Istanbul in the heart of Istanbul.

Apartment of Barnathan

*Apartmanı*

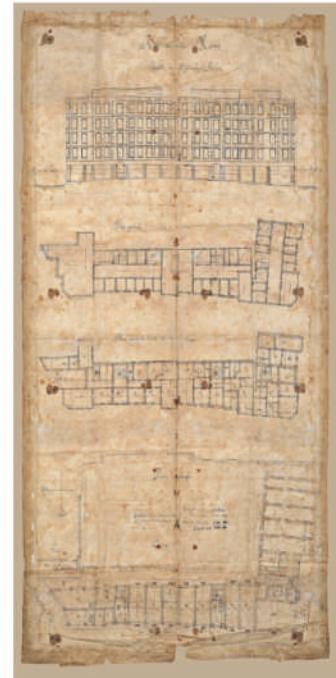

Barnathan Apartmanları, mimari olarak bir neoklasik yapı örneğidir. Kelime anlamı 'yeni klasik' demek olan bu mimari akım, Antik Yunan ve Roma'dan esinlenmiştir.

Barnathan Apartments is an architectural example of a neoclassical building. This architectural movement, which literally means 'new classical', was inspired by Ancient Greece and Rome.

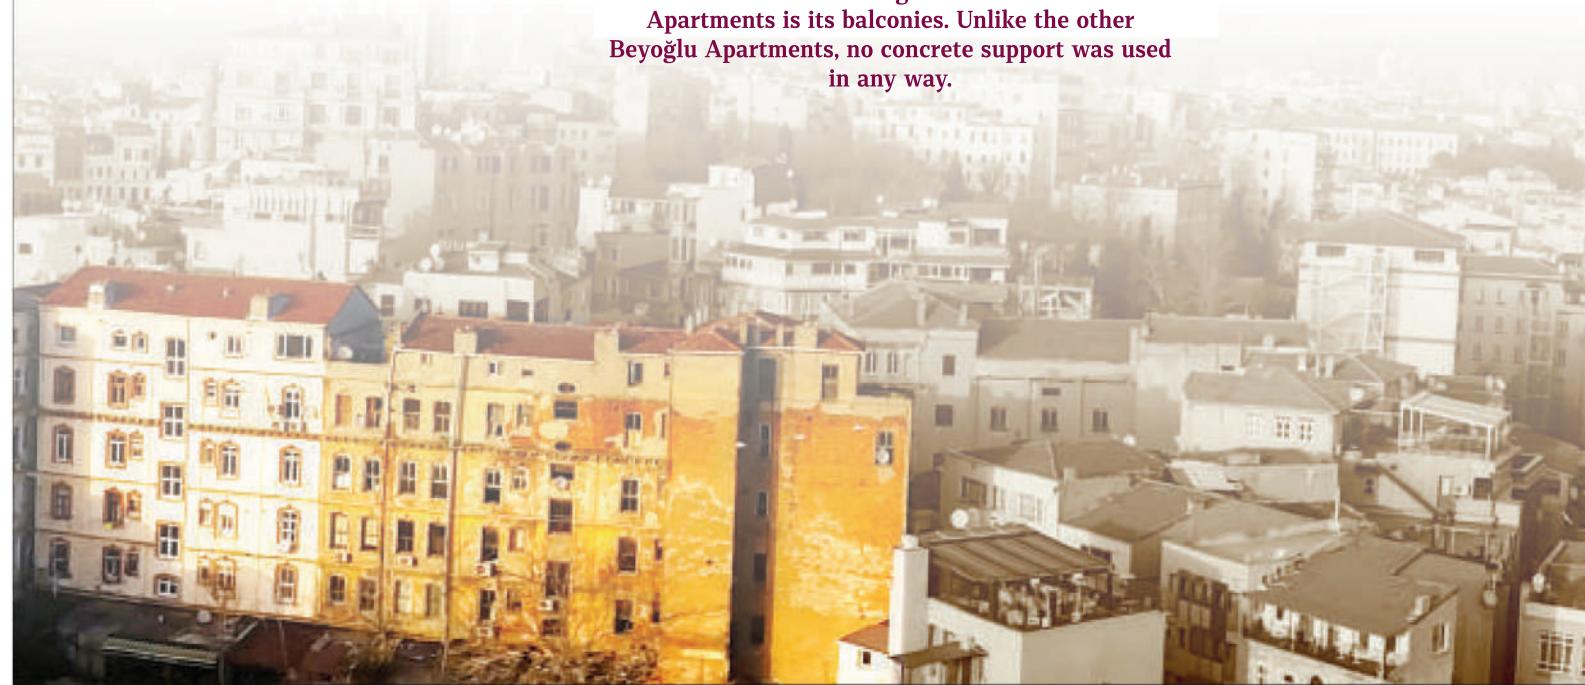

Barnathan Apartmanları'nın en dikkat çeken ayrıntılarından biri balkonlardır. Diğer Beyoğlu Apartmanları'nın aksine herhangi bir şekilde beton destek kullanılmamıştır.

One of the most striking details of Barnathan Apartments is its balconies. Unlike the other Beyoğlu Apartments, no concrete support was used in any way.

İpek üzerine çizilmiş 15 Şubat 1896'ya tarihlenen, 'ingenieur' ünvanıyla Charles Maruletto imzalı bu planda binaya ait bütün detayları ve kullanım alanlarını görmek mümkün.

It is possible to see all the details and areas of use of the building in this plan drawn on silk, dated February 15, 1896 and signed by Charles Maruletto with the title of 'ingenieur'.
